

## Patient Participation Group (PPG) Meeting Monday 21 January 2019 at Wandsworth Medical Centre

1.	Attendees:ArletaMorgiel(AM)PracticeManager,MaridiyatRashid(MR)ReceptionManager and 3 patient representativesApologies:2 patient representatives and CancerResearchUK,MsRazinaHussain	AM
1.1	Introduction and Welcome	
1.2	Minutes and issues raised in the last PPG meeting held on 27 June 2018	
2.	Early detection of Cancer and the Cancer Screening Programmes – A speaker from St Georges Hospital, Ms Karen Gray	KG
	National and regional cancer early detection centres and programmes presented. The local hospital, St George's hospital and the regional breast, colorectal and cervical cancer screening services. Screening services help the hospital as well as the GP surgeries to find out if patients have a higher risk of developing cancer or other health problems. Its aim is to look for cancerous and pre-cancerous cells or abnormal changes to aid in early diagnosis or treating the affected cells before cancer develops.	
	<ul> <li>Raising awareness of the prevention programmes available for patients.</li> <li>1. Bowel Cancer Screening</li> <li>2. Cervical Cancer Screening</li> <li>3. Breast Cancer Screening</li> </ul>	
	Prevention Programmes – how to use Bowel Cancer Screening testing kits	
	Cancer Research UK and its mission statement, ethos and values. Their continued support and clinical research nationwide.	
	More information available at the local hospital website, waiting areas in the surgery and on-line.
